

Seniors & Parents,

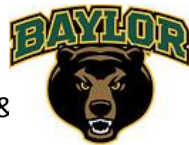

Whether we can believe it or not, half of the 1st semester of your senior year is gone! I know that several students have been working on applications, SAT/ACT testing and/or scholarships which is very important at this time of year. In addition, seniors need to organize their time to take their college visits which become excused absences when they provide the proper documentation on their return; see Mrs. Joines for a form. Parents are very important to the whole college entrance process; last week seniors received through their English classes a paper to help parents gage their effectiveness and/or need for improvement in that area. Let me know if I can help.

Mrs. Jordan
