## Campus Profile and Needs Assessment

Tidehaven High School serves approximately 227 students in grades 9 through 12. In its application for federal funding, Tidehaven ISD reported that 50.6 percent of students meet the low-income criteria for eligibility for free or reduced-priced lunches at this campus.

Tidehaven High School conducts an annual needs assessment to identify students who have not made, or are not making satisfactory academic progress and students with non-academic problems which may inhibit academic success (see Appendix B: Needs Assessment). This information is used to set priorities and goals, to allocate available financial and support resources, and to determine whether the redirection of the SCE programs and services is needed.

Using the state's criteria to identify students in at-risk situations, Tidehaven High School has determined that ninety-seven students (42.7 percent) have previously performed unsatisfactorily on TAKS and who have not, on subsequent administrations, achieved 110% of TAKS performance standards. Twenty-one students in grade 9, twenty-six in grade 10, thirty-one in grade 11, and nineteen students in grade 12 were identified using this criterion.

Thirty-two students (14.1 percent) did not maintain at least a 70 average in two or more foundation courses. Five students in grade 9, eight in grade 10, twelve in grade 11, and seven students in grade 12 met this criterion.

Seven students (3.1 percent) were not advanced from one grade level to the next for one or more years. Three students in grade 9, two in grade 10, and one student each in grades 11 and 12 were not advanced from one grade level to the next.

Additionally, five students were placed in an AEP. Four students were pregnant or parenting. Two students were identified as being Limited English Proficient (LEP). One student was in the custody or care of the Texas Department of Family and Protective Services.

# Description of SCE Programs and Services, 2009-2010

## Tidehaven High School

<b>Objective:</b> To reduce the dropout rate and decrease any disparity in performance on state assessments between students at risk of dropping out of school and all other district students.					
<b>Strategy/Activity</b>	<b>Resources</b>	<b>Staff Responsible</b>	<b>Timelines</b>	<b>Formative Evaluation</b>	<b>Summative Evaluation</b>
Tutorials and TAKS remediation — Students are provided with additional instructional time before and after school to promote mastery of TEKS and TAKS objectives.	Certified teachers 1.34 FTE	Principal	Each semester of SY 2009-2010	Practice TAKS tests	Pass all sections of TAKS
Saturday tutorials – Students who are falling behind because of grades or attendance are provided additional instructional time to promote mastery of TEKS.	Extra duty pay \$4,000	Principal	Each six weeks of SY 2009-2010	Six-weeks report card grades and attendance reports	Promotion
DAEP – Students placed in the AEP are provided with additional instructional time to promote mastery of TAKS objectives.	Certified teachers 1.07 FTE	Principal	Each semester of SY 2009-2010	TAKS practice tests	Pass all sections of TAKS
Instructional Support – Instructional aides work under close supervision of classroom teacher and provide supplemental, one-on-one assistance to eligible students.	Instructional aide 1 FTE	Principal	Each semester of SY 2009-2010	Passing semester grades	Passing final grades
Summer School – A summer program providing extended learning opportunities in core subject areas is provided to assist students with mastery of content as well as passing the subject-area TAKS test.	Extra Duty Pay for Teachers \$2,596 & Aides \$1,169 Instructional supplies \$500	Principal	Weekly during Summer 2010	Daily work	Promotion

---

# Use of Other Resources for Compensatory Activities

## Federal Programs

- 1) ESEA, Title II, Part A: Teacher and Principal Training and Recruiting Fund – These funds are being used to improve the quality of teachers and for supplemental personnel to reduce the class size.
  
- 2) ESEA, Title II, Part D: Enhancing Education Through Technology – These federal funds are being used to provide professional development in the integration of advanced technologies and to purchase technology supplies and materials.

## State Programs

- 1) English as a Second Language (ESL) – A special language program is offered to students of limited English proficiency to bridge the transition for Spanish to English.

## Appendix A: State Compensatory Education Budget

Authority for funding for the State Compensatory Education program is found in the Texas Education Code (TEC) Section 42.152. For each student who is educationally disadvantaged or who is a student who does not have a disability and resides in a residential placement facility in a district in which the student's parent or legal guardian does not reside, a district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by 0.2. The adjusted basic allotment is multiplied by 2.41 for each full-time equivalent student who is in a remedial and support program under §29.081 because the student is pregnant.

For purposes of funding, the number of educationally disadvantaged students is determined by averaging the best six months' enrollment in the national school lunch program of free or reduced-price lunches for the preceding school year. Determination of the number of such students is based on the number of students actually receiving free or reduced-price lunches as submitted to the Texas Education Agency (TEA) on monthly reimbursement claims. Section 52 of HB 3646 amends Texas Education Code Section 42.152 (c) to increase the indirect cost rate or administrative allowable to forty-five percent (45%); however, each district must use at least fifty-five percent (55%) of its allotment for instructional purposes.

## Appendix C: Percentage of Students Passing the TAKS

The following tables and graphs present the percentage of students passing the Reading, Math, Writing, Science, Social Studies, and Language Arts sections of the TAKS. Additionally, the TAKS results for At-Risk students are compared with the results for Other students. The goal of State Compensatory Education is to increase the academic performance of students identified as being in at-risk situations, to reduce any disparity in performance on assessment instruments administered under Subchapter B, Chapter 39 between students at risk of dropping out of school and all other district students, as well as to reduce the dropout rate of identified students in at-risk situations. The tables are arranged by grade levels to facilitate the analysis of the results for each campus and grade level.

# Percentage of Students Passing the TAKS, Three Year History

## 2007-2009 TAKS Results

Grade	Subject	Year	All students	African-American	Hispanic	White	At-Risk

## Appendix E: Assurances and Good Practices

### State and Local Effort

State and local funds are used to provide the regular program of instruction for all students to include general operating costs of instruction, which includes expenses related to buildings, maintenance, and utilities, as well as salaries and related expenses for instructional and support staff and instructional materials.

### Improvement and Enhancement

State Compensatory Education funds are used to improve and enhance the regular program of instruction for students who are at risk of academic failure or of dropping out of school as defined in the state rules and Tidehaven ISD's at-risk criteria.

### Coordination of Funding

All federal, state and local funds received by Tidehaven ISD will be coordinated to ensure that all of the programs are operated in an effective and efficient manner. All students are guaranteed equal access to all foundation programs and services. The integrity of supplemental programs is maintained.

### Coordination of Instruction

Instruction will be coordinated between and among regular classroom teachers and special program staff who are serving students in the same content area. Instructional coordination will be skill and concept specific for activities that include assessment, instructional activities and on-going monitoring of student progress. Special emphasis is given to collaborative planning between regular classroom teachers and the staff of the special programs.
