

The School Health Advisory Committee met on March 23, 2011 at 3:45p.m in the TISD Boardroom. Members in attendance were: Karen Black, Kathy Boyett, Willie Mae Sardenia, Debra Taska, Gerry Talley, Kathy Hoffman, and Pam Joines. The minutes were approved from the February 2, 2011 meeting. Ms. Hoffman reviewed the plans for the May 3<sup>rd</sup> Immunization Day at the Jr. High. Sixth grade students will be immunized from 9-12 a.m. This will allow those students to be up to date on the immunization requirements for the 7<sup>th</sup> grade. Immunization Day will continue from 1-4 p.m. at which time community immunizations will be offered. This will allow incoming Pre-K students an opportunity to receive their immunizations.

The committee decided to get some feedback from the Elementary campuses regarding the distribution of the "Nutrition Nuggets" pamphlets.

At this time, a District wide CPR/First Aid training is being considered for 2011-12 staff development.

The meeting adjourned at 4:30 p.m.
