## Campus Profile and Needs Assessment

Tidehaven Intermediate serves approximately one hundred ninety-four students in grades 6 through 8. In its application for federal funding, Tidehaven ISD reported that over forty-nine percent of the students (49.4%) meet the low-income criteria for eligibility for free or reduced-priced lunches at this campus.

Using the state's criteria to identify students in at-risk situations, Tidehaven Intermediate school has found nine students in grade 6 (15%), ten students in grade 7 (14%) and seven students in grade 8 (11%) that have not advanced from one grade to the next for one or more years.

Four students in grade 7 and five students in grade 8 have or have had an average of 70 or below in two or more foundation courses during this, or the previous, school year.

Twenty-seven students in grade 6 (43%), twenty-seven students in grade 7 (39%) and twenty-four students in grade 8 (39%) have performed unsatisfactorily on TAKS and have not achieved 110% of the performance standard on subsequent administrations.

One student in grade 6, three students in grade 7, and two students in grade 8 have been placed in an alternative education program during this or the previous school year.

The intermediate campus has identified four students in grade 6 and two in each grade 7 and 8 who have limited proficiency in English (LEP).

Two students at the campus have been referred to protective services and three students have been identified as homeless.

Tidehaven Intermediate conducts an annual needs assessment to identify students who have not made, or are not making satisfactory academic progress and students with non-academic problems which may inhibit academic success (see Appendix B: Needs Assessment). This information is used to set priorities and goals, to allocate available financial and support resources, and to determine whether the redirection of the SCE programs and services is needed.

## Description of SCE Programs and Services, 2010-2011

### Tidehaven Intermediate

<b>Objective:</b> To reduce the dropout rate and decrease any disparity in performance on state assessments between students at risk of dropping out of school and all other district students.					
<b>Strategy/Activity</b>	<b>Resources</b>	<b>Staff Responsible</b>	<b>Timelines</b>	<b>Formative Evaluation</b>	<b>Summative Evaluation</b>
Fundamentals - TAKS remediation—Students, who have failed or at-risk of failing one or more TAKS tests are provided supplemental instruction to improve mastery of TAKS objectives.	Certified teachers .471 FTE	Principal	Each semester SY 2010-2011	Practice tests	Passing all sections of TAKS
Summer School – A summer program providing extended learning opportunities in core subject areas is provided to assist students with mastery of content as well as passing the subject-area TAKS test.	Certified teachers \$8,100 Instructional aides \$1,150	Principal	Summer 2011	Progress reports	Promotion

---

# Use of Other Resources for Compensatory Activities

## Federal Programs

- 1) ESEA, Title I, Part A: 2009-2011 NCLB Cons Federal ARRA/Stimulus – These funds are being used to accelerate the implementation of the technology plan.
- 2) ESEA, Title II, Part A: Teacher and Principal Training and Recruiting Fund – These funds are being used to improve the quality of teachers and for supplemental personnel to reduce class size.
- 3) ESEA, Title II, Part D: Technology, ARRA/Stimulus – These funds are being used to supplement technology and technology training at the district.

## State Programs

- 1) English as a Second Language (ESL) – A special language program is offered to students of limited English proficiency to bridge the transition from Spanish to English.

## Appendix A: State Compensatory Education Budget

Authority for funding for the State Compensatory Education program is found in the Texas Education Code (TEC) Section 42.152. For each student who is educationally disadvantaged or who is a student who does not have a disability and resides in a residential placement facility in a district in which the student's parent or legal guardian does not reside, a district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by 0.2. The adjusted basic allotment is multiplied by 2.41 for each full-time equivalent student who is in a remedial and support program under §29.081 because the student is pregnant.

For purposes of funding, the number of educationally disadvantaged students is determined by averaging the best six months' enrollment in the national school lunch program of free or reduced-price lunches for the preceding school year. Determination of the number of such students is based on the number of students actually receiving free or reduced-price lunches as submitted to the Texas Education Agency (TEA) on monthly reimbursement claims. Section 52 of HB 3646 amends Texas Education Code Section 42.152 (c) to increase the indirect cost rate or administrative allowable to forty-five percent (45%); however, each district must use at least fifty-five percent (55%) of its allotment for instructional purposes.

## Appendix C: Percentage of Students Passing the TAKS

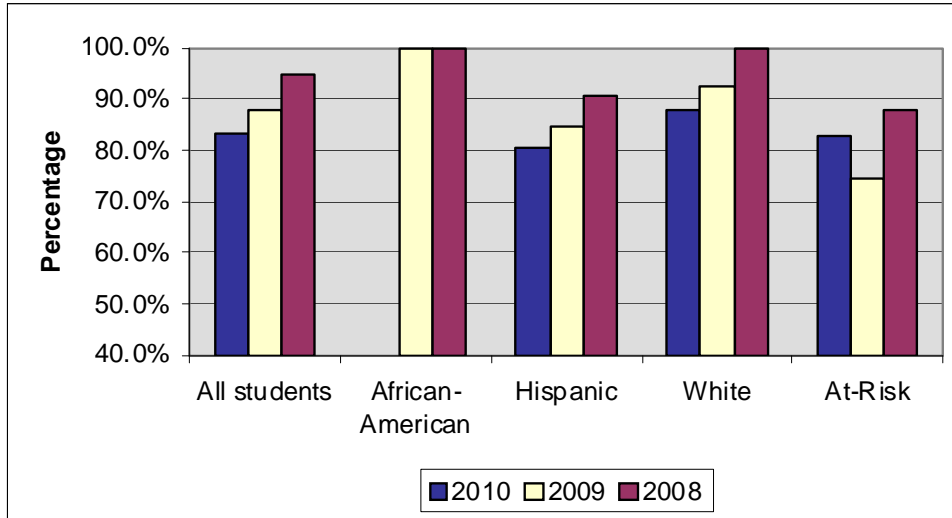

The following tables and graphs present the percentage of students passing the Reading, Math, Writing, Science, Social Studies, and Language Arts sections of the TAKS. Additionally, the TAKS results for At-Risk students are compared with the results for Other students. The goal of State Compensatory Education is to increase the academic performance of students identified as being in at-risk situations, to reduce any disparity in performance on assessment instruments administered under Subchapter B, Chapter 39 between students at risk of dropping out of school and all other district students, as well as to reduce the dropout rate of identified students in at-risk situations. The tables are arranged by grade levels to facilitate the analysis of the results for each campus and grade level.

## Percentage of Students Passing the TAKS, Three Year History

### 2008-2010 TAKS Results

Grade	Subject	Year	All students	African-American	Hispanic	White	At-Risk
Sixth	Reading	2010	80.0%	*	73.0%	92.0%	77.0%

## Appendix D: Evaluation of 2009-2010 Programs

The following table presents the number of students served in each of the programs/services provided under State Compensatory Education funding and the percentage of these students who met the criteria established by Tidehaven ISD to determine their success in the program.

## Evaluation of 2009-2010 Program at Tidehaven Intermediate

Tidehaven Intermediate

<b>PROGRAM/SERVICE</b>	<b>MEASURE/CRITERIA</b>	<b>NUMBER SERVED</b>	<b>NUMBER MEETING CRITERIA</b>	<b>SUCCESS RATE</b>
Support Title I Schoolwide Program	Promotion	182	168	92.31%
Tutorials	Pass all sections of TAKS	120	70	58.33%
TAKS Remediation	Pass all sections of TAKS	120	70	58.33%

---

## Appendix E: Assurances and Good Practices

### State and Local Effort

State and local funds are used to provide the regular program of instruction for all students to include general operating costs of instruction, which includes expenses related to buildings, maintenance, and utilities, as well as salaries and related expenses for instructional and support staff and instructional materials.

### Improvement and Enhancement

State Compensatory Education funds are used to improve and enhance the regular program of instruction for students who are at risk of academic failure or of dropping out of school as defined in the state rules and Tidehaven ISD's at-risk criteria.

### Coordination of Funding

All federal, state and local funds received by Tidehaven ISD will be coordinated to ensure that all of the programs are operated in an effective and efficient manner. All students are guaranteed equal access to all foundation programs and services. The integrity of supplemental programs is maintained.

### Coordination of Instruction

Instruction will be coordinated between and among regular classroom teachers and special program staff who are serving students in the same content area. Instructional coordination will be skill and concept specific for activities that include assessment, instructional activities and on-going monitoring of student progress. Special emphasis is given to collaborative planning between regular classroom teachers and the staff of the special programs.
