## 2. Program Options

The primary Gifted/Talented curriculum used with the identified Gifted/Talented Students will be the Texas Performance Standards Projects that result in the development of sophisticated products/performances that are targeted to an audience outside the classroom. This continuum of learning experiences will lead to the development of advanced-level products and/or performance that will be shared with the community each spring. Additionally, the students will participate in a variety of differentiated activities that will further develop their creative, critical and higher level thinking abilities.

**Kindergarten - 5th grade** students are served by a Gifted/Talented teacher through a pull out program.

**6th – 12th grade** students are served by a Gifted/Talented trained teacher through differentiation in the classroom OR through AP classes, honors classes, and/or independent research study. In the 6th through 10th grade, identified Gifted/Talented Students are homogeneously grouped in one class with a Gifted/Talented trained teacher during the school day. Teachers will also differentiate the regular curriculum ordinarily provided by the school using depth and complexity.
